XXX & XXX
BUSINESS
999 E. MAIN STREET
ARCADIA, WI 54612
SUBJECT:

State Project ID 7560-01-71
Main Street, City of Arcadia
CTH 'J' / STH 95 Intersection
Trempealeau County

Dear Owner:

You are invited to attend a Public Information Meeting hosted by the Wisconsin Department of Transportation to discuss the proposed improvement to the CTH 'J' / STH 95 (Main Street) intersection in the City of Arcadia.

You are receiving this invitation personally because your property is directly affected by the proposal.

The purpose of this project is to address safety issues and ease traffic problems that have developed as a result of high traffic volumes, poor intersection visibility, and the large number of long trucks that use CTH 'J' and STH 95 (Washington & Main Streets) each day on their routes into and out of Arcadia.

Beginning at Harrison Street, we are proposing to realign a 2-block segment of Washington Street to create a new intersection with Main Street. The new intersection is proposed to be located ½ block to the east, at Van Buren Street. The project is currently scheduled for construction in 2010.

The meeting will be held at the Arcadia High School Commons on Wednesday, October 17, 2007 from 5:00 to 8:00 p.m. The format of the meeting will be informal, with a short presentation given at 6:00 p.m. followed by a question and answer period. Concepts for the project will be on display in an effort to solicit public comment. WisDOT engineers and staff will be on hand to answer questions and discuss project features and impacts.

We look forward to discussing this highway improvement project with you. If you are unable to attend the October 17 meeting, you may obtain information concerning this project from the Wisconsin Department of Transportation, Northwest Region Eau Claire Office at the address listed above, or by calling or e-mailing me directly.

Sincerely,

Ross T. Johnson, P.E.
